

Church Council supports this transition to a Four Sunday format that will look like this:

- **"God's Work. Our Hands." Sunday** - A service-based learning experience that will engage members of all ages in an organized service project will take place either on site or in the community.
- **Fellowship Sunday** - An opportunity for all ages to come together and build relationships within a programmed activity. This will also be a Sunday that each member is encouraged to invite a guest.
- **Lutheran Roots** - A Sunday learning session presented to explore Lutheran theology and history through various topics. This will be similar to the Adult Forum structure, and the children will have Sunday School during this time.
- **Lutheran Lens** - A Sunday learning session that will have guest speakers from partner agencies or speakers that will highlight topics of interest. The children will have Sunday School during this time.
